## PICKLED PEPPERS

When the architect and general contractor were in the attic on Tuesday they discovered this artifact... intriguing and a little gross... pickled peppers black with age.

The Lang Pickle Company was in business from 1881 (coincidentally the year the Carmel Literary Union was established) until 1956.

Why a jar of pickled cherry peppers was left in the attic and how long they were there remains a mystery.

## WHUD STORM CENTER

It's that time of year . . . slippery roads and winter weather can make travel tricky.

Unscheduled library closings and delayed openings will be announced on our homepage and Facebook page, by e-letter and on the WHUD StormCenter. Sign up for StormCenter texting [here](#). As soon as a closing is announced, you'll receive a text.

The Libby app makes borrowing and enjoying ebooks and audiobooks easy and convenient. Now Libby is making big changes to improve accessibility for all readers. Screen reader support (Libby will be happy to read to you), adjustable text size, adjustable playback speed for

audiobooks are just a few of the accessibility features recently added. You can learn more [here](#).

*Thank you to the Adriance Memorial Library for this and all their great tips!*
