PLANT SWAP

Tuesday May 31 to Sunday June 12

On the library's west lawn

Bring healthy, pest-free plants to swap anytime between May 31 and June 12. Sharing makes for gardens that are rich with community connections.

Helpful hints:

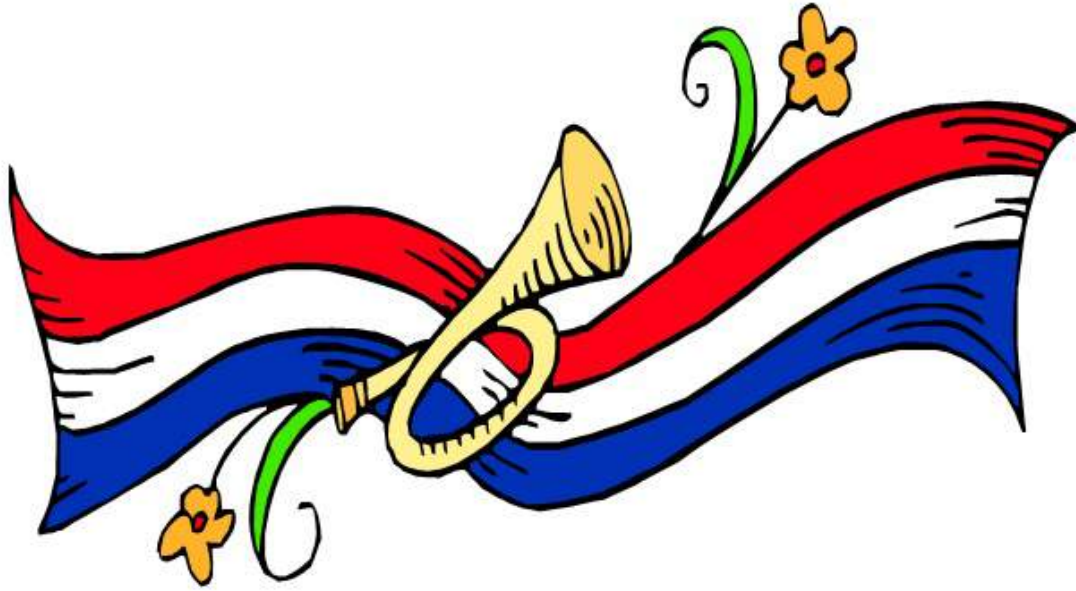

- Plants should be in labeled containers.
- Some plants are more neighborly than others. When choosing plants to swap, be sure to leave behind those whose invasive behavior will not be welcome in someone else's garden.
- To insure your plant settles happily into its new home, please complete a basic care form for each plant you intend to exchange.
- Grow bags and basic care forms are available in the library.

During the Plant Swap the Little Free Library will be stocked with gardening books, seeds, small pots, etc. for sharing/swapping.

When visiting the swap, stop in the library and enter to win a beautiful garden basket.
